The first www.allaboutshipping.co.uk 2022 Top Universities for Shipping, Maritime, Business et al award
February 23, 2023

Following our other very successful award challenges, particularly those for the Top Women in Shipping which attracts thousands of viewers and voters, see our latest one, Education and in particular Maritime Education in all fields of Shipping, Trading, Logistics, Finance, Law, Human Resources , you name it, is the ingredient of all these successful people.

A very tough process which was running simultaneously with the 100 Top Women in Shipping this year – hence the delayed announcement of the results, was indeed a tough one and we have here below the first thirty top ones as, below this figure the votes were very very poor... Next year we will go for the Top 100 and hope to have the attention of all viewers.

As per our announcement: “Education, education, education: continuous education is what is needed to confront the new century’s demanding issues for the shipping industry. Until now we have seen a failure to produce enough graduates of the right calibre to predict and tackle these issues” ...including the geopolitical aspects in Shipping.

The Human Factor in the entire Shipping spectrum is of paramount importance, hence many voted for Merchant Marine Academies and Training Centres, an outcome which we are more than pleased to see.

Here you go:

1. Copenhagen Business School, Blue MBA, Executive MBA in Shipping and Logistics, Denmark
2. MIT Massachusetts Institute of Technology, USA
3. UCL, University College London, Shipping Law Unit, and UCL School of Management, UK
4. University of the Aegean, Department of Shipping, Trade and Transport, Chios, Greece
5. Ida Stier Training Center, Canary Islands
6. Imperial College, London, UK
